A virtual rainbow of collie colors - sables, sable merles, blue merles, tri-colors and whites. Parents of these purebred AKC Rough Collie puppies have been genetic tested and have tested normal/clear on all tests including normal/clear for CEA and MDR1. Puppies will be ready for their new homes January 28, 2024. A deposit of just \$250 will reserve your puppy. We offer a \$250 discount to anyone who would like to get two puppies at the same time. We also offer a \$250 discount to anyone who has purchased a puppy from us previously. We offer personal delivery for a reasonable fee and we are willing to meet new puppy parents somewhere in-between if you are a long distance away. Puppies will have a health certificate issued by a certified veterinarian, first vaccinations, up-to-date on de-worming, and come with full AKC registration application. We also have an 8 month old blue merle female available if you are wanting an older puppy. Puppies are raised on 80 beautiful acres in west central Missouri and are exposed to other adult dogs, our cat, goats and horses (across the fence), and chickens. Puppies are started on a gruel/mush mix at 3 1/2 weeks of age of ground beef liver, turkey, plain organic yogurt, squash from our garden, raw egg yolks from our free-range chickens, and raw goat milk from our goats. They also get a dose of liquid minerals, a squirt of hemp oil for omega three brain development, freeze-dried greens, and other good things to get them off to a healthy start in life. Puppies will come a little on to dry kibble so they can eat a few weeks of puppy food. We have other puppies available.
